PROFILE

I am an experienced Full Stack Developer with a strong background in developing scalable web applications using React.js for the front-end and Spring Boot and Node.js for the back-end. Proficient in designing and implementing RESTful APIs, ensuring high performance and responsiveness. Excel in agile environments and collaborating with cross-functional teams to deliver innovative solutions. Committed to continuous learning and adapting to new technologies to stay at the forefront of the industry.

WORK EXPERIENCE

KLAB
Sept 2023 - Dec 2023
Tech up skill-Front End Developer
- Developing user-centered designs with Figma to create intuitive and visually appealing interfaces.
- Building responsive web applications using React.js, SCSS, and Tailwind CSS to ensure high performance and scalability.
- Coordinating cross-functional teams and managing project deadlines to ensure timely delivery of tasks.

ICT CHAMBER
March 2024 - June 2024
Talent 4 Startups- Full Stack Developer
- Building scalable web applications with React.js for front-end and Spring Boot and Node.js for back-end services.
- Implementing microservices with Docker for containerization and Kafka for real-time data streaming.
- Managing full project lifecycles, ensuring high-quality solutions using React.js, Spring Boot, Node.js, Docker, and Kafka.

AMI RWANDA
Dec 2023 - June 2024
Internship
- Collaborate with team members and contribute to project discussions, effectively communicating ideas and solutions
